Annex B    Fitness Assessment
1. **INTRODUCTION.**

   Thank you for your interest in the Special Tactics Officer (STO) career field. This document outlines the application and assessment procedures for becoming a STO. For additional information, please e-mail the following:

   STO – STO.Recruiter@us.af.mil

2. **CAREER FIELD ELIGIBILITY.**

   STOs require high levels of physical fitness, mental agility, professionalism, leadership, interpersonal skills, initiative, psychological stability, motivation, and technical competency. Additional eligibility criteria are listed below:

   - Male or female may apply
   - Security clearance: Secret (minimum), Top Secret-attainable
   - **Retention: Six years (STO trainees will incur six year active duty service commitment, upon completion of training pipeline)**
   - Volunteer for Hazardous Duty: Parachute (Static-line and Freefall), Combat Diver (SCUBA) Open and Closed Circuit
   - Background: Outstanding resume and no negative personal history
   - Medical/Physical: Special Warfare Physical (SWA), according to AFI 48-123. AFROTC and civilian candidates will submit their DodMERB or MEPs documentation.
   - Physical Fitness: At a minimum, candidates must satisfactorily complete the minimum scores on the PT Evaluation.

3. **APPLICATION PROCEDURES.**

   Up to six assessments are conducted each year. Candidates interested must complete an application and are able to apply when all requirements are met. Applications will be reviewed and those approved will be scheduled for a Special Warfare Assessment and Selection based on class quotas. The SW A&S consists of an evaluation conducted at Chapman Annex, Texas. Candidates must attend this assessment in TDY status and funding is provided.

   Receiving an invitation to the SW A&S means the Phase I selection board would like to take a closer look at your potential to become a STO. Your decision to attend is voluntary and non-binding. Being selected at the SW A&S means the board president has approved your entry into the career field and pipeline training. It is ultimately up to you to accept the challenge.

   **AFROTC/USAF Academy Cadets:** Cadets should submit an application before they are classified in another AFSC. ROTC cadets must have successfully completed Field Training before applying. USAFA cadets can apply in their Second Class year. Senior cadets are not prohibited from applying; however, these applications will be handled on a case-by-case basis with the Line Officer Accessions Program Manager at AFPC. In most cases, cadets will be allowed to attend A&S on a contingent release from their assigned career field.

   **Inter-service Transfers:** Officers in other services seeking to apply should reference AFI 36-2005, Officer Assessments, Chapter 7 and AFPC Interservice Transfer website https://www.afpc.af.mil/Career-Management/IST/. You should submit your application to the selection board before a service transfer is approved. However, you must include in your application a letter from your commander supporting this transfer. Selection at A&S does not guarantee an approved inter-service transfer; the processes are independent of each other. It is highly recommended that this process be started at least six months in advance of A&S due to the time required to complete a transfer. For additional information, contact the ST Assessment Director.

   **Officer Training School:** Enlisted members who desire to attend OTS should first ensure they are eligible. Candidates must have completed a degree prior to applying.

   This link outlines current requirements: https://randolph.eis.aetc.af.mil/afs/AFRSHQ/rsoc/RSOCL/default.aspx. Candidates will be required to clear AFRS/RSOC before being invited to attend A&S. Upon selection, you will submit an OTS package. Selection doesn’t guarantee acceptance into OTS--you must still meet the requirements outlined by AF Recruiting Service (AFRS) to enter OTS and earn a commission.

   **Active Duty USAF:** Applicant must notify their appropriate career field/functional manager of their intent to become a STO if selected from A&S. The candidate must also receive an endorsement letter from their commander. If the applicant is invited to A&S, but was not selected, the applicant will return to their previous
assignment and career field.

**Civilians:** It is Air Force policy that civilian college graduates and civilian college seniors within 12 months of graduation from an accredited school will be eligible to be placed on active duty under the Special Warfare Airman Program (SWAP) for the purpose of completing SW Assessment & Selection (SW A&S) process if the civilian completes Phase I of the STO selection process. After successful completion of SW A&S, the SWAP participant will remain contracted in SWAP and will attend Officer Training School (OTS) prior to beginning initial skills training. Individuals interested begin the process by contacting an active duty Air Force Special Warfare Recruiter (SWR) in their local area. Civilian recruits must meet the following criteria to be eligible:

- Be between 18 and 39 years of age at the time of commissioning.
- Possess a minimum 2.5 GPA on a 4.0 scale for all college-level studies, as well as their academic major, and be in good academic standing (i.e. not be on probation at time of enlistment)
- Attain a minimum score of 15 on the verbal and 10 on the quantitative sections of the AFOQT. No exceptions to policy will be entertained for scores that do not meet the minimum requirements.
- Provide, through his/her school, official transcripts of his/her completed course work. College seniors must provide an official letter from the school, certified by the university/college registrar, indicating courses taken by academic term, which verifies degree to be awarded and graduation to coincide with the SWAP. College graduates must provide a copy of his/her college graduation degree and certified copy of official transcripts from the university/college registrar.
- Those selected at SW A&S will have to complete Officer Training School (OTS) prior to beginning STO training. SW A&S selection does not guarantee acceptance into OTS. The OTS application process is separate from Phase I and SW A&S. The SWR and/or SWAP Program Manager will provide the application, information and OTS requirements needed at the conclusion of SW A&S.
- Interested civilians should contact the SWAP Program Manager @ 330RCS.OL-E.BASP@us.af.mil for further details.

4. **PHASE I**

Applications can be submitted at any time but all requirements must be met. NOTE: A full Special Warfare Physical is not required when applying but a thorough review of medical records will be conducted prior to candidates being allowed to attend A&S. The ST Assessment Director conducts an initial review of the applications to ensure required information is included. The ST Assessment Director convenes a review board consisting of 24 SOW senior leaders. The board ranks the applications, identifying the candidates most likely to succeed. The 24th SOW commander has final authority to invite applicants. The names of those selected will be forwarded to the SWTG for A&S scheduling.

*Read through ANNEX A for complete instructions and guidance on constructing your Phase I package.*

5. **Special Warfare Assessment and Selection (SW A&S)**

SW A&S uses the whole-person concept to identify Airmen with the potential for success in SW career fields. The SW A&S program evaluates each Airmen's suitability, trainability, and durability by gathering evidence on key attributes during a variety of physical and mental challenges. SW A&S includes a crucible (rite of passage) event as the pinnacle test of a Airmen's mettle, resolve, and grit.

Those candidates who successfully complete A&S and are selected can expect PCS orders to Lackland AFB, TX. PCS timeframe will be coordinated with the losing command via AFPC.

After you PCS, you will maintain a physical training regimen, and complete various in-house training between pipeline schools. This arrangement is designed to enhance your awareness of Special Tactics missions, maintain your motivation, and foster professional development as a STO.

Phase I Application Instructions & Example

PHASE I APPLICATION INSTRUCTIONS

Proof read your application for accuracy, format, grammar, and spelling. In Phase I, the selection board relies solely on information and impressions made through your application. Incomplete or poorly crafted applications are a reflection of the applicant’s professionalism. As a general rule, successful Phase I applications are concise, easy to understand, and are not filled with extra “fluff.” Your success in the ST community begins with this application.

The application will include the following in this order:

2. Personal Narrative – One page in length (See example for format and specifics)
   Note: Candidates who have previously attended Phase II or SW A&S, but were not selected, must provide a statement on their identified problem areas and what have been done to improve their readiness.

3. One page résumé, emphasize leadership experience. (See example for format)
   Note: USAF military members must also include their SURF.

4. One signed recommendation letter from your commander, no more than one-page in length. The letter should comment on your leadership abilities including relevant examples. Use integrity and DO NOT COPY AND PASTE information from recommendations of other people.

5. Copies of the three most recent performance or training reports, cadet evaluations, etc. If your time in service is too short to have three reports, include what is available. All cadets must include a complete Form 119, containing information filled out in the “comments” section pertaining to their position and responsibilities in ROTC or service academy, AND a training report.

6. A signed statement from a medical authority documenting the medical facility and date of your most recent physical examination.

Every effort should be made to accomplish a Special Warfare Physical (SWA) prior to applying to Phase I. If this is not possible, include details of the type of examination administered. Include the name and contact information of the Flight Surgeon (or sister service equivalent) that accomplished the examination. You may attend A&S with an incomplete physical, however you continuing in the pipeline will be contingent upon its completion and certification. Do not include any portion of your medical records or any privileged medical information in your application. The Battlefield Airman Clinic (BFAC) will review your records electronically, if possible.

When complete, your application should be scanned into a PDF file as ONE DOCUMENT, and sent via signed official email (.gov or .mil) to 24SOWSTTS.Assessments.RAS@us.af.mil. Put your last name and “STO Application” in the subject line of the email, such as “Johnson-STO Application”. For cadets that do not have access to official email, have an active duty leader send it in for you.

Additional Notes:

- The format on the next pages is not an option. Follow the example. Do not include the footer you see below that says: “Current as of DATE”. Page numbers are not needed.
- If the header or section does not apply to your situation, delete that section.
- Be sure that all signature blocks are hand signed either by wet ink or a stylus.
- The top of the first page of the application should read “STO APPLICATION PACKAGE”.

MEMORANDUM FOR SPECIAL TACTICS ASSESSMENT BOARD

FROM: 1SOMXG/MXMG

SUBJECT: Personal Narrative

1. This document is provided to give the selection board an overall understanding of your character and personality. It should be clear, concise, and free of extra “fluff” statements. It should include your personal background, such as where you grew up, significant jobs/positions held, an explanation of your experiences and involvements before and during military service, an explanation of your perceived strengths and weaknesses, a discussion on what attracts you to become a Special Tactics Officer and why this is the right career for you.

2. The narrative will be formatted with 1 inch margins on the bottom, left, and right sides. The top margin will be between 1 inch and 1.5 inches depending on the heading you establish.

3. The heading format you see above should be followed with your own information entered in the FROM portion. The document may not exceed more than one page in length. Use Times New Roman with font size 12. Include a crest in the upper left hand corner of your header similar to an official memorandum for record. See AFH 33-337 The Tongue and Quill or sister service equivalent for examples of an Official Memorandum for Record.

ANNEX B

FITNESS ASSESSMENT STANDARDS

**General.** Applicants shall complete the physical training test in accordance with these procedures as part of the application. This test is based on the Special Tactics operator physical training standards/evaluation test described in AFI 13-219, *Special Tactics Operator Standards and Evaluation Program*. The added underwater swim portion of the PT Evaluation and the swim with or without fins is a modification for selection purposes only.

**Standards.** You must complete the minimum number of exercises, and run and swim within the times specified below. Selection is extremely competitive; you should give your very best effort, which should be well beyond the minimums. When you submit your application, your PT Eval should have been accomplished within three months of the Phase I due date, and as close to Phase I as possible to reflect your current level of fitness. The primary reason that candidates are removed for Fitness Assessment failure is due to training without proper form on calisthenics. Anything less than a perfect repetition will not be counted at SW A&S and therefore should not be counted by your evaluator during Phase I fitness assessment.

**CALISTHENICS:** pull-ups, sit-ups, push-ups -- exercise to time limit or until muscle failure
- **Minimums:**
  - 12 pull-ups in 1 minute
  - 75 sit-ups in 2 minutes
  - 64 push-ups in 2 minutes

**RUN:** 3 miles non-stop
- **Minimums:**
  - 3 miles completed within 22 minutes (22:00)

**UNDERWATER SWIM:** swim and remain underwater for 25 meters
- **Minimums:**
  - Successful completion

**SWIM:** 1500 meters non-stop -- any stroke except backstroke (with or without fins)
- **Minimums:**
  - 1500 m completed within 32 minutes

Administration. The PT test must be given in the order listed and completed within a three-hour timeframe. If you are unable to meet any of the minimums, you have failed the test. The PT test should be administered by your supervisor, such as an ROTC instructor or USAFA AOC. Other test administrators will be considered on a case-by-case basis, following coordination with the ST Assessment Director. If you fail to execute the proper form, the test administrator will correct you, and the incorrect repetition will not be counted. The test administrator will document the results on the cover sheet of your application and sign in the appropriate space. Each candidate and administrator should watch the instructional video posted at: http://www.youtube.com/watch?v=0zdKD0VMKWg&feature=plcp&context=C3f31946UDEgToPDskY7F3h01Zie0ZF915EPt1. The video should be used a guide for exercise form ONLY, the repetition and time standards referenced do not apply to officer candidates.

Procedures. Calisthenics events will be tested one right after the other with approximately a 2-minute time lapse between events. Upon completion of all the calisthenics events, a 10-minute rest period is given prior to starting the 3-mile run. Upon completion of the 3-mile run, a 20-minute rest period is given prior to starting the underwater swim. 10 minutes after the underwater swim, begin the 1500 meter swim.

- **Pull-ups (one minute time limit).** This exercise is executed on a pull-up bar. The individual grasps the bar with the hands about shoulder width apart. Hands must be facing away from the candidate (pull up). This is a two-count exercise. The exercise begins in the “dead hang” position. Count one: pull the body directly upward until the chin is over the bar. Count two: lower the body until the body is again in the “dead hang” position. Repeat as many times as possible. Individuals will not swing excessively or bicycle feet as the chin is pulled over the bar. Legs are allowed to bend, but must not be kicked or manipulated to aid upward movement. If the candidate falls off or releases the bar, the exercise is terminated. Designed to measure strength and endurance in the back, triceps, and biceps muscles used when performing specific mission tasks. A two-minute rest follows this event.

- **Sit-ups (two minute time limit).** Starting position: back flat on the ground, hands behind the head, fingers interlocked, head off the ground and knees bent at approximately a 90 degree angle. Another individual during the exercise holds the feet (optional). This is a two-count exercise. Count one: sit up until the back is vertical, breaking a 90 degree plane with the ground. Count two: return to the starting position. There is no authorized rest position during this exercise. If the candidate rests, the exercise is terminated. If an individual raises buttocks from ground, removes hands from behind the head during a repetition, or the fingers are not interlocked, the repetition is not counted. Designed to measure strength and endurance in the abdominals and hip flexor muscle groups used when performing specific mission tasks. A two-minute rest follows this event.

- **Push-ups (two minute time limit).** This exercise starts from the front leaning rest position. The body must be maintained straight from head to heels with knees together. This is a two-count exercise. Count one: flex the elbows, lowering the body until the arm is bent at least 90 degrees at the elbow and the upper arm breaks a parallel plane with the ground. Count two: raise the body until the elbows are straight and locked. Repeat this exercise as many times as possible. The candidate will not raise his buttocks in the air, sag his middle to the ground, or raise any hand or foot from their starting position. If a hand or foot is raised, the exercise is terminated. The only authorized rest position is the starting position. Designed to measure strength and endurance of the chest and triceps muscles used when performing specific mission tasks. A two-minute rest follows this event.

- **Three Mile Run.** Performed with running shoes and running shorts. This run must be continuous (non-stop). If a candidate stops anytime during the run, the test will be stopped and considered a failure for the entire test. The test should be conducted on a measured running track. Designed to measure aerobic endurance used when performing mission tasks, specifically employment or evasion situations. This event is followed by a 20-minute rest period prior to the underwater swim.

- **Underwater Swim.** The 25-meter underwater swim should be demonstrated first either through actual demonstration or by use of training video already supplied to recruiting squadrons. If candidates surface or break the water surface during any portion of the swim, the test will be stopped and considered a failure for the entire past. Swimsuits and goggles are the only items allowed. Allow a 10-minute rest period prior to the 1500 meter swim. Candidates should carefully stretch for the swim during this break time.

- **1500 Meter Swim.** The swim will be performed with swim trunks and mask or goggles, with or without fins, in a lap pool. Ensure that you complete 1500 meters, not 1500 yards. This swim must be continuous (non-stop). If you stop anytime during the swim, the test will be stopped and considered a failure for the entire test. Designed to measure aerobic endurance in a maritime environment.
